

Wisconsin Arts Education Visits

I would like to share a snapshot of my fall visits with you to highlight the amazing variety of arts education programming happening in our schools. The purpose of the visits is to learn more about PreK-12th grade arts education programming in Wisconsin. A special thank you to the school districts for welcoming me and other Wisconsin Department of Public Instruction Staff into their arts classrooms. I have learned so much from educators, students, administrators, and the school communities. These visits have informed my work in creating and finding arts education resources for the field. Click on the images below to see the visit pictorials. In addition, continue to "Follow" the twitter page @WisDPIArtsEd for more highlights, events, articles, and celebrations occurring across our fantastic state.

Please continue to share your resource and learning ideas to build arts education in Wisconsin. I am scheduling arts classroom visits for winter and spring. Please contact me if you are interested in scheduling an arts education visit. Thank you for your work in supporting our Wisconsin learners in the arts.

– Julie Palkowski, Fine Arts and Creativity Education Consultant

Standards Roll Out

In November 2017, the State Superintendent adopted the Wisconsin Standards for Music. This work is online at - [Wisconsin Standards for Music - Full Set](#); video. Other accompanying resources are available on the [Wisconsin Standards for Music](#) website. The [cycle of all content reviews](#) shares future work for all content areas, including theatre, dance, and art and design.

Music Standards Sessions

You are invited to attend the sessions listed. Click the sessions of interest for details. Check the [Arts PD website](#) for updates.
